

CONTINUOUS QUALITY IMPROVEMENT TRAINING PROGRAMS

Our groundbreaking continuous quality improvement (CQI) programs feature customized trainings, technical support and coaching to help build your CQI capacity and help your organization or partnership improve your services and programs.

See below to learn more about our current program offerings:

CQI 101 COACHING PROGRAM

- Self-directed learning program with individualized expert coaching
- Participants independently review eLearning modules and tools from our CQI eLearning Program and apply their learnings to a personal improvement project
- Participants receive a series of one-hour coaching calls with a CQI expert to address questions, get feedback, and help guide the personal improvement project
