

NORTH CAROLINA
TELEHEALTH NETWORK

NORTH CAROLINA TELEHEALTH NETWORK

NCTN is a best-in-class dedicated broadband network (i.e. internet service provider) with highly reliable connections, 24/7, proactive technical support, and unmatched cost-performance.

NCTN is a consortium of public and non-profit healthcare providers with an advisory committee of subscribers that informs the general direction of NCTN services.

COUNTIES WITH LOCAL PUBLIC HEALTH NCTN SITES

NCTN TRANSFORMS HEALTHCARE through robust broadband connections.

- Allows rural healthcare providers to treat patients locally while securely sharing patient information and working with specialists anywhere
- Provides necessary speed and reliability for disaster response for local health departments as first responders
- Provides discounted connections for non-clinical LHD sites like environmental health and animal control

NCTN is a founding consortium of the FCC's Healthcare Connect Fund, offering a 65% discount on retail subscription prices.
