

LHD-HSA PROPOSED REPORTS August 9, 2017

Reporting Structure **SCHS Interactive Reports (SC)** – static reports, published once data is considered final for reporting period.
DPH Program Reports (PR) – standard, dynamic production reports, generated monthly and quarterly, distributed to SharePoint and accessible by Program

Internal Reports (IN)– standard data validation reports, practice management reports, and population health analytics

Note: RSC = Root System Code (100-200 = LHDs; 201+ series = health districts; 500 = contracted agencies)

Data Extracts: Available to LHD and DPH program data analysts and epidemiologists upon request.

Program Codes:

AH	Adult Health	MH	Maternal Health
BS	Breast Cancer Screening	OS	Other Services
CS	Cervical Cancer Screening	SH	School Health
CH	Child Health	PC	Primary Care
DH	Dental Health	RF	Refugee Health
EH	Environmental Health	ST	Sexually Transmitted
EP	Epidemiology	TB	Tuberculosis
FP	Family Planning	WW	WISEWOMAN
IM	Immunization		

SCHS Interactive Reports		
SC-100	Service Count by Program and State Total	Annual – 3 months after close of calendar year Includes all local health departments and contracted agencies (BCCCP & WISEWOMAN) Static
SC-101	Service Count by Program by RSC and State Total	Annual – 3 months after close of calendar year Includes all local health departments and contracted agencies (BCCCP & WISEWOMAN) Static
SC-102	Patient Count by Program and State Total	Annual – 3 months after close of calendar year Includes all local health departments and contracted agencies (BCCCP & WISEWOMAN) Static
SC-103	Patient Count by Program by RSC and State Total	Annual – 3 months after close of calendar year Includes all local health departments and contracted agencies (BCCCP & WISEWOMAN)

		Static
SC-104	Placeholder	Use if static report desired on health insurance status (PR-104) If so, static report would be published 3 months after close of calendar year
SC-105	Placeholder	Use if static report desired on health insurance status (PR-105) If so, static report would be published 3 months after close of calendar year
Program Reports (If Program requires more detailed counts, create Report using this format: PR-"Program Code"-100, etc.) Must specify dynamic or static. If static, define end date for reporting purpose.		
PR-201	Service Count by Program by RSC and State Total	Dynamic – data can be continuously updated Monthly and Quarterly Same as SC-101, but dynamic, not static (final)
PR-202	Patient Count by Program and State Total	Dynamic - data can be continuously updated Monthly and Quarterly Same as SC-102, but dynamic, not static (final)
PR-203	Diagnosis Code by Program by RSC and State Total	Dynamic - data can be continuously updated Quarterly Frequency Table of ICD-10 codes
PR-204	Health Insurance Status by Program by RSC and State Total	Dynamic - data can be continuously updated Quarterly Frequency table: Insurance type have & does not have/billed and not billed
PR-205	Medicaid vs Non-Medicaid Health Insurance Status by Program by RSC and State Total	Dynamic - data can be continuously updated Quarterly Frequency table: Insurance type have & does not have Medicaid/billed and not billed to Medicaid
PR-206	Demographic Profile by Program by RSC and State Total	Dynamic – data can be continuously updated Quarterly Frequency Tables: Age group (specific to program); Race; Gender (birth gender if current gender identity not provided); ethnicity, Preferred Language
Internal Reports (all dynamic)		
IR-300	Upload Error Report	Daily/Weekly
IR-301	Error Report	Daily/Weekly/Monthly
IR-303	Frequency of data upload	
IR-304	Placeholder	
IR-305	Placeholder	

IR-400	Practice Management Report	TBD
IR-401	Practice Management Report	
IR-500	Population Health Analytics – HgB A1c by Age grp by RSC and State Total	TBD
IR-501	Population Health Analytics – B/P by Age Grp by RSC and State Total	Quarterly Systolic Diastolic Systolic/Diastolic Thresholds (Both values elevated above standard)
IR-502	Population Health Analytics – BMI by Age Grp by RSC and State Total	Quarterly
IR-503	Population Health Analytics – Smoking Status by Age Grp by RSC and State Total	Quarterly
IR-504	Population Health Analytics – Vulnerable Population, by Age Grp, Gender, Race, Ethnicity by RSC and State Total	Quarterly Migrant, Seasonal farmworker, Homeless
Ad Hoc Reports:		
AR-600	TBD	
AR-601	TBD	
AR-602	TBD
