Triple P America

North Carolina Triple P Support System

A partnership between

Provides support to

Lead Implementing Agencies in the NC Triple P Delivery System

NC Triple P Partnership for Strategy and Governance

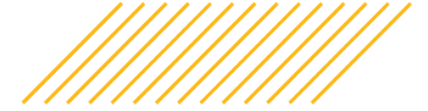

A Few Considerations to Get Started

1. You've been hearing quite a bit about the **'who'**
 - Triple P America (TPA)
 - The Impact Center – FPG Child Development Institute (FPG)
 - Prevent Child Abuse North Carolina (PCANNC)
2. You've been hearing some about the **'what'**
 - Implementation support
 - Help with local coaching systems
 - Other “intermediary support” functions

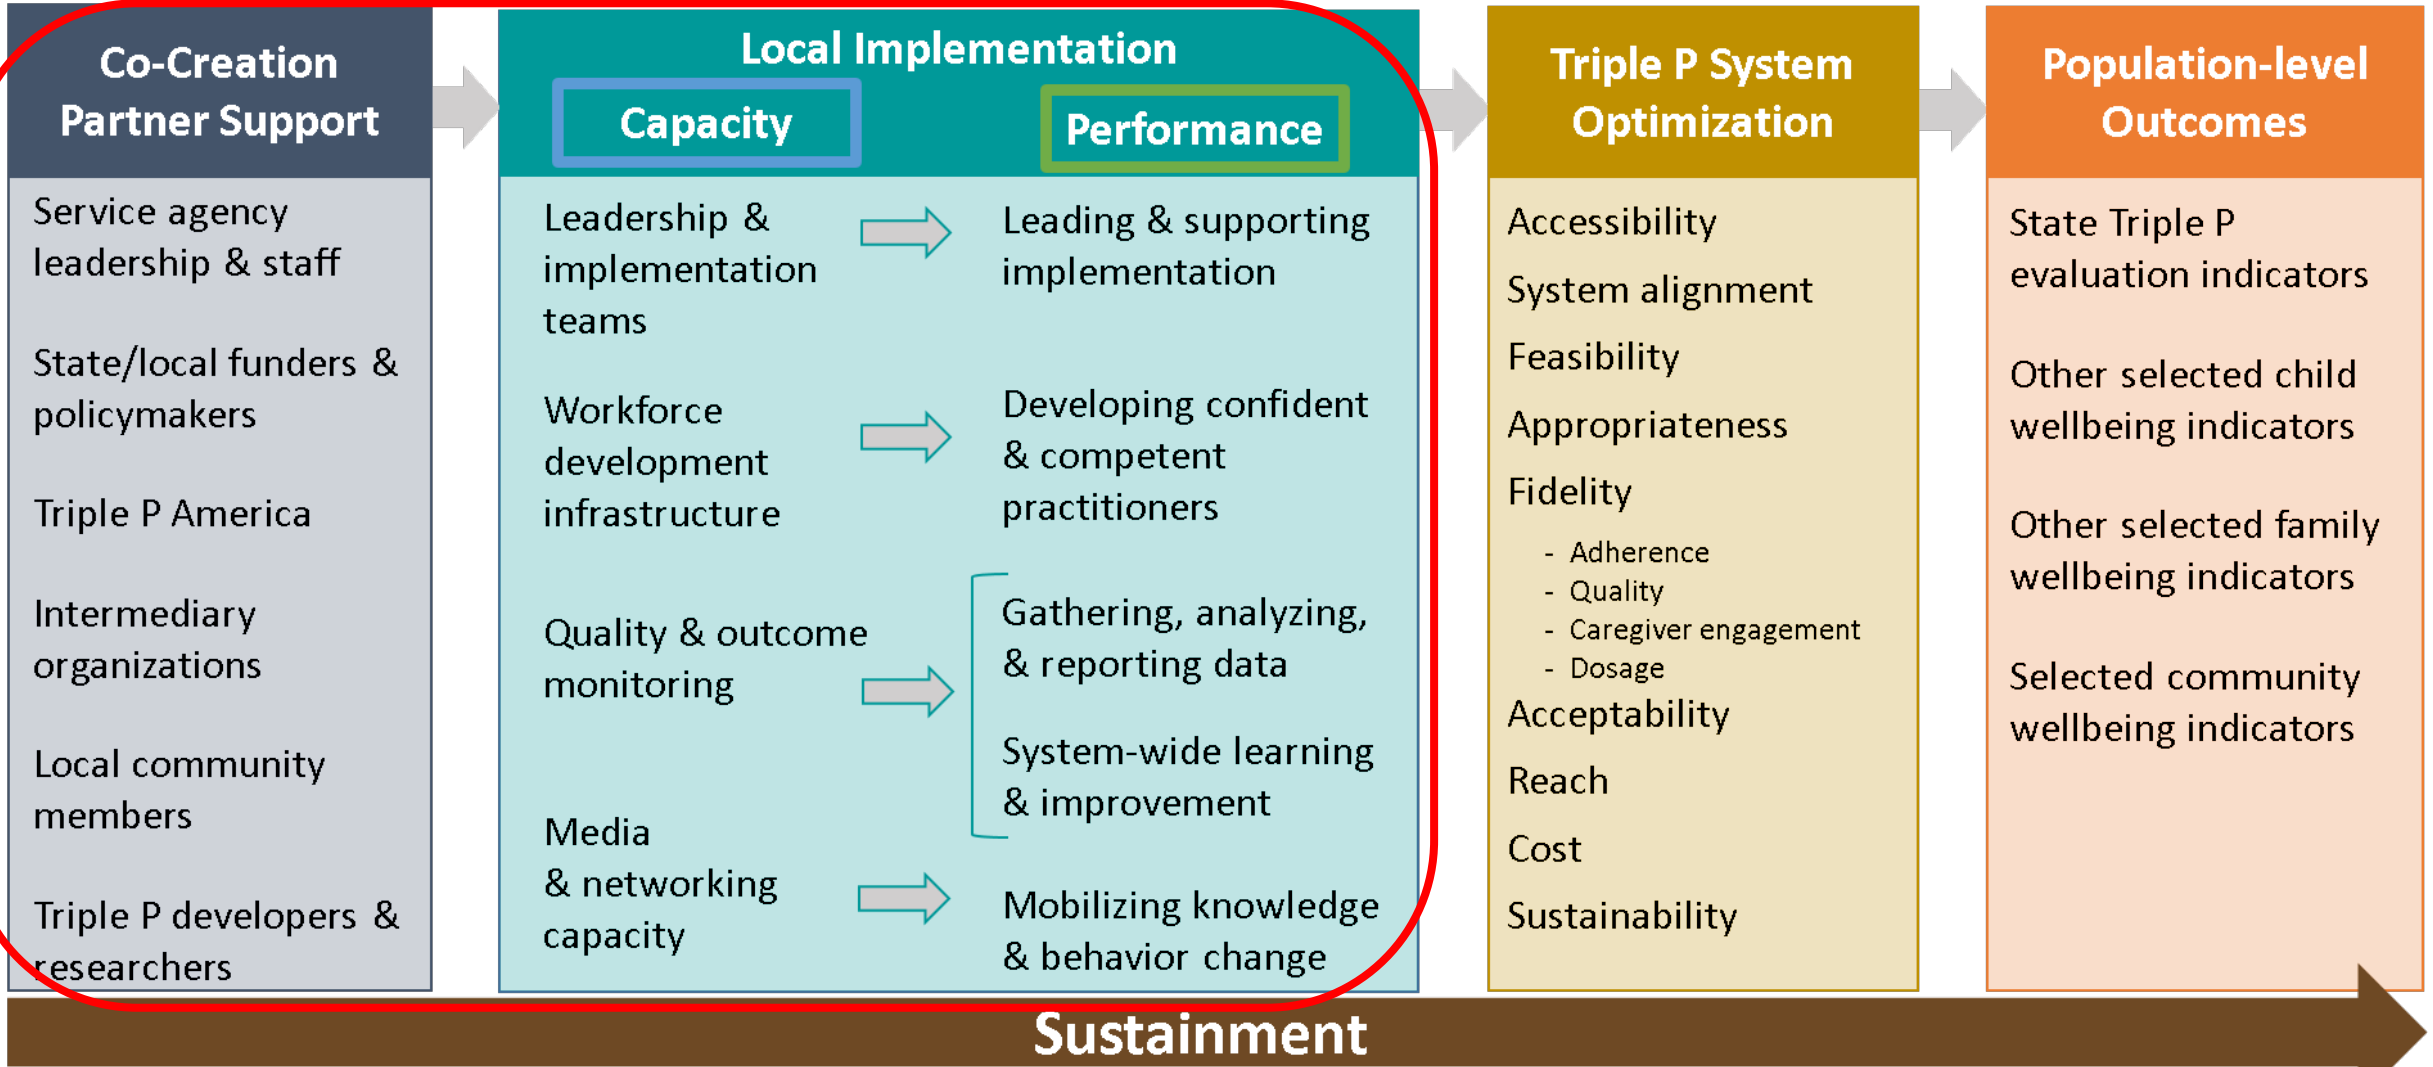

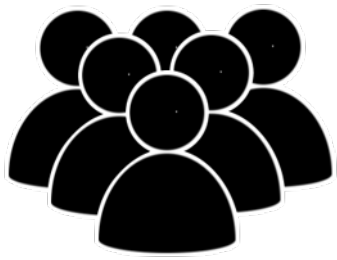

Triple P Support System - Principles

1. Identifying **local strengths and leveraging current partners and support systems** – taking the time to listen and learn through the LIA and community partners
2. Providing an **integrated experience** and coordinated support from the Support System
3. Reinforcing the role of the **Local Implementing Agencies**
4. Promoting **self-regulation** of implementation and scaling processes
5. We're **growing the capacity** of the Support System – and need to match our capacities to our support activities
6. **Parallel process** – providing some support to the Governance and Design system

An Integrated Support System

Thank you!
